## **WELCOME!!**

---

On behalf of all of us here at Bone and Joint Specialists, we would like to welcome you to our Physical Therapy Facility! Here at our facility, we will strive to provide you with an excellent therapeutic experience. Enclosed in this packet you will find your “New Patient Information” forms. These forms are an important part of your care. They will help our therapists get a better understanding of your ailments, medical history and goals that are *most important to you* to achieve throughout therapy. We ask that you please read through these forms and fill them out as completely as possible and bring them back with you for your first scheduled appointment.

Please come dressed accordingly for your appointment. For example, if you are having therapy for your knee, please wear either shorts or loose fitting pants so that your therapist can get to your knee with ease. If you are a shoulder patient, tank tops or loose fitting t-shirts are great articles of clothing to wear to make your shoulder more accessible for the therapists.

We look forward to seeing you and assisting in your road to recovery. Our therapists and office staff is here to help with anything you may need along the way so don't hesitate to ask. If by chance you have any additional questions before your first visit call the office to ask any questions or express any concerns you may have.

Your first visit with us is \_\_\_\_\_ @ \_\_\_\_\_

We look forward to sharing this experience with you!

Sincerely,

### **Physical Therapy Department**

Megan Prater, MPT

Yvonne Dolohanty-Kontny, DPT

Annika MacGreggor, PTA

Sarah Horn, PT Manager
